Visual Novel Concept

A detailed illustration of a character named Livia. She is a young woman with short, dark, curly hair, wearing a red and black tactical uniform with a high collar and multiple straps. She has a serious expression and is looking slightly to the right. The background is a dark, industrial interior with various pipes, machinery, and a doorway in the distance. The lighting is moody, with a mix of blue and red tones.

No one as far as I can tell. This building is abandoned.
